Position paper: Mexico

Human Rights Council (UNHRC) - Lisbon Atlantic MUN

Topic A: The right to privacy in the digital age. The delegation of Mexico recognises the urgency of this question and the work the committee has already done on it. Mexico supports a measured approach grounded in international law, and will work with every delegation that shares that aim.

Topic B: Protecting people displaced by climate change. Mexico believes regional organisations must lead, with the United Nations providing coordination, funding and independent monitoring. The delegation will propose clear reporting duties and a review after two years.

Mexico looks forward to constructive debate and to a resolution that the whole committee can support.
