Position paper: United Kingdom

Security Council (UNSC) - Lisbon Atlantic MUN

Topic A: The situation in the Sahel. The delegation of United Kingdom recognises the urgency of this question and the work the committee has already done on it. United Kingdom supports a measured approach grounded in international law, and will work with every delegation that shares that aim.

Topic B: Maritime security in the Gulf of Guinea. United Kingdom believes regional organisations must lead, with the United Nations providing coordination, funding and independent monitoring. The delegation will propose clear reporting duties and a review after two years.

United Kingdom looks forward to constructive debate and to a resolution that the whole committee can support.
